(b) In the event that the issue is convertible and exchangeable, the Board of Directors may also provide that the issuer reserves the right at any time to elect between conversion into new shares or the exchange thereof for outstanding shares of the Company, with the nature of the shares to be delivered being determined at the time of conversion or exchange, and may also elect to deliver a combination of newly-issued shares and existing shares of the Company and even to pay the difference in cash. In any event, the issuer shall afford equal treatment to all holders of fixed-income securities converting and/or exchanging their securities on the same date.

(c) For purposes of the conversion and/or exchange, the securities shall be valued at the nominal amount thereof and the shares at the fixed exchange ratio established in the resolution of the Board of Directors making use of this authorisation, or at the variable ratio to be determined on the date or dates specified in the resolution of the Board, based on the listing price of the Company's shares on the date(s) or during the period(s) used as a reference in such resolution. In such case, the price of the shares for purposes of the conversion and/or exchange shall be the arithmetic mean of the closing prices of the shares of the Company on the Continuous Market during a period to be determined by the Board of Directors, which shall not be greater than three months or less than five calendar days prior to the date of conversion and/or exchange, at a premium or at a discount, as the case may be, on such price per share. The premium or discount may be different for each date of conversion and/or exchange of each issuance (or for each tranche of an issuance, if any), provided, however, that if a discount is established on the price per share, it shall not be greater than 25% of the value of the

(e) Whenever a conversion and/or exchange is admissible, any fractional shares to be delivered to the holder of the debentures shall be rounded downwards by default to the immediately lower integer, and each holder shall receive in cash, if so provided in the terms of issuance, any difference that may arise in such case.

(f) In no event may the value of the shares for purposes of the ratio for conversion of debentures into shares be less than the par value thereof. Furthermore, debentures may not be converted into shares if the nominal value of the former is less than that of the latter.

(g) When approving an issuance of convertible and/or exchangeable debentures or bonds under the authorisation granted in this resolution, the Board of Directors shall issue a directors' report, elaborating on and specifying, on the basis of the standards described above, the basis and terms and conditions for conversion that are specifically applicable to the respective issuance. This report shall be accompanied by the corresponding audit report as provided by law.

6. Basis for and Terms and Conditions Applicable to the Exercise of Warrants and Other Similar Securities

In the case of issuance of warrants, it is resolved to establish the following standards:

In the case of issuances of warrants, to which the provisions of the Companies Act on convertible debentures shall apply by analogy, the Board of Directors is authorised to determine, in the broadest terms, in connection with the basis for and terms and conditions applicable to the exercise of such warrants, the standards applicable to the exercise of rights to subscribe for or acquire shares of the Company or of another company, or to a combination thereof, arising from the securities of this kind issued under this authorisation. The standards set forth in section 5 above shall apply to such issuances, with such adjustments as may be necessary in order to bring them into compliance with the legal and financial rules governing these kinds of securities.

7. Admission to Trading.

It is expressly stated for the record that if application is subsequently made for delisting, it shall be made in compliance with the same formalities as the application for listing, to the extent any such formalities are required, and in such case, the interests of the shareholders or debenture-holders opposing or not voting in favour of the resolution shall be safeguarded as provided by applicable law. In addition, it is expressly stated that the Company undertakes to abide by Stock Market regulations, whether now existing or as may hereafter be issued, particularly as regards trading, continued listing, and delisting.

8. Guarantee in Support of Issuances of Convertible and/or Exchangeable Fixed-income Securities or Warrants by Subsidiaries.

The Board of Directors is also authorised to guarantee, on behalf of the Company and within the limits set forth above, new issuances of convertible and/or exchangeable fixed-income securities or warrants carried out by subsidiaries during the effective period of this resolution.

9. Delegation of Powers to the Board of Directors.

This authorisation to the Board of Directors also includes, without limitation, the delegation thereto of the following powers:

(a) The power of the Board of Directors, pursuant to the provisions of section 511 of the Companies Act, to totally or partially exclude the pre-emptive rights of the shareholders. In any event, if the Board of Directors decides to exclude the pre-emptive rights of the shareholders in connection with any specific issuance of convertible bonds or debentures, warrants, and other securities similar thereto that it ultimately decides to effect under this authorisation, the Board shall issue, at the time of approval of the issuance and pursuant to applicable laws and regulations, a report setting forth the specific reasons based on the corporate interest that justify such measure, on which there shall be prepared the corresponding report of an auditor, other than the Company's auditor and appointed by the Commercial Registry, mentioned in sections 414 and 511 of the Companies Act. Both such reports shall be made available to the shareholders and disclosed at the first General Shareholders' Meeting that is held following approval of the resolution providing for the issuance. Such power may only be exercised to the extent that the Board of Directors, adding the increase in capital effected to accommodate the issuance of convertible debentures, warrants, and other similar securities and the other increases in capital approved under authorisations granted by the shareholders at this General Shareholders' Meeting, does not exceed the limit of 5% of the amount of the share capital. To such end the Board of Directors may correct any omissions or defects in the aforementioned resolutions that may be identified by any Spanish or foreign authorities, officials, or bodies, and may also adopt all such resolutions and execute all such public or private documents as it may deem necessary or appropriate in order to adjust the preceding resolutions for the issuance of convertible or exchangeable securities and the corresponding increase in capital to the oral or written assessment of the Commercial Registrar or, in general, of any other competent Spanish or foreign authorities, officials, or entities.
